

SAVA BEACH VILLAS

YOUR WEDDING

With its stunning beachfront location, north of Phuket, Thailand and exquisite design Sava Beach Villas are ideal wedding venues which make fantasy tropical weddings a reality. Imagine exchanging vows to the sound of the waves while the sunset lights up the sea and sky. Pose for your wedding pictures on a white-sand beach that captures the day's joy and sun-kissed romance, then celebrate your nuptials at an elegant poolside party with cherished family and friends.

The villas can be rented individually or in many combinations. Altogether, the seven Sava Beach Villas offer a total of 39 bedrooms, providing wedding guests with an enticing choice of accommodation. Each villa has a central black-tile pool of 18 or 25 metres, along with ample terracing for receptions and ceremonies.

To ensure couples and their guests can focus on celebrating the big day, be sure to consult with our team for our fully vetted recommendations for local event planners, caterers, florists and other suppliers.

These guidelines are specific to Sava, and Event Organisers (EOs) and their clients considering holding an event here should read this in conjunction with Elite Havens [General Guidelines for Event Management](#).

EVENT FACILITIES

EVENT SPACE

Each villa has a central pool of 18 or 25 metres, along with ample terracing and extended beach front gardens for receptions and ceremonies.

GUEST WASHROOMS

There are two bathrooms available for event guests at Sava, one on the floor with indoor living areas and one by the swimming pool. Use of the ensuite bathrooms in the villa's guest bedrooms is prohibited unless prior arrangements for access have been made.

EOs are required to set up portaloos if there are more than 50 guests on the event. It is also the EO's responsibility to maintain the cleanliness of the washrooms.

KITCHEN AND BAR

The villa's own kitchen and dining facilities are not to be used for events. EOs are requested to set up their own facilities for catering, dining, bar service and event guest seating. Floors and walls of the selected catering area are to be properly protected with protective coverings, particularly against food and oil spillage. The walkway across the lawn from the garage to the kitchen area is to be protected with plywood (to prevent trolley marks).

PARKING

There is to be no parking of sub-contractor's vehicles on the Estate roads. Contractor's vehicles are permitted in the villa for a one-hour period for loading and unloading but should be off-site at least one hour before the event. Guest parking in the villa during the event may be arranged with advance notice. A maximum of 5 cars can be allowed.

REGULATIONS AND RESTRICTIONS

Interior furnishings should not be moved or removed and no additional infrastructure should be brought into these areas. All indoor floors should be protected with carpets (it is not approved to tape down any material onto the villa floors) provided by the EO.

Bedrooms are for the use of resident guests only, unless access has been arranged with prior approval. Otherwise, we recommend these to be locked during the course of any given event. Smoking is not permitted inside the house.

Marquees and flooring are mandatory during the monsoon period April until November. During other seasons, they are strongly recommended as a back up due to unpredictable weather. Marquees must be freestanding; the flooring must be set on frames to minimise damage to the lawn. Back-up generators for the event are mandatory.

The dismantling of the marquee and flooring is to take place on the following day after 9 a.m., unless the adjoining villas are reserved as part of the event.

We recommend partitioning off any staff area or storage areas.

Staging ceremonies on a platform on the pool is permitted subject to prior approval. Any structures must be submitted in writing along with technical drawings to ensure the structure is:

1. Safe
2. Protected from damaging the pool, tiles, sand wash
3. Does not have any rust or oil that can affect the pool's water quality.

Info is to be submitted at least 30 days prior to the event.

Fireworks, candles, floating lanterns, fire shows and pets/ animals are strictly prohibited, unless written approval has been given by the local authorities, and such approval has been submitted to Elite Havens. Elite Havens has no authority to allow fireworks, floating lanterns, fire shows and/or setting up ceremonies on Natai beach. Any fees involved are to be paid to the local authorities directly.

It is prohibited in Thailand to use drones without proper registration and licensing. Each drone must be registered by the CAAT (Civil Aviation Authority of Thailand) and the Radio and Telephone department and have valid annual insurance. EOs are expected to comply with this regulation and must inform Elite Havens should they be using drones in the event.

EOs are to establish security procedures together with villa staff before the event, and must supply lists of suppliers that need access to the villa.

EOs are to be on site at all times during the event and dismantling periods. Sub-contractors will not be allowed on site without EOs present.
